

Buzzacott Outsourced Payroll Services

Cut the cost, cut the risk, cut the hassle

A core part of Buzzacott's business mission is to free up management time and reduce the resources tied up in unproductive administration. Legislation has saddled payroll, in particular, with an ever-increasing burden of compliance. It is not just the unavoidable deadlines for each pay-period and year-end; expenses reporting requirements (P11Ds), the ever-changing detail of National Insurance and the integration of provisions like Statutory Maternity Pay and Student Loan Recovery have all increased the complexity of the tax system – and the cost of dealing with it.

Understandably, more and more companies and organisations are looking to outsource – and those who outsource to Buzzacott enjoy the relief of a comprehensive and understanding service.

BUZZACOTT OUTSOURCED PAYROLL SERVICES

Relax – we do it all

For a start, we remove the worry of missed or looming deadlines. We tell you when they are coming and what we need from you to ensure the work is done in good time.

The saving in time and effort alone is worth it. Once we have taken on your commitments, you should have no more than a couple of e-mails to deal with: we will prepare the payslips, make the payments and look after all the associated paperwork.

With a huge aggregate of experience and constant monitoring of the legislative landscape, we know the payroll function inside out. Not only can we guide you painlessly through the mainstream requirements; we can advise on exceptional issues, like expatriate taxation, and deal with HM Revenue and Customs on your behalf, should the need arise.

All kinds and sizes of client

We currently provide a fully managed, outsourced service to more than 100 clients, ranging in size from a payroll of one to 150 plus employees.

They come from all sectors, but the most numerous are:

- Small private companies
- Charities and not-for-profit organisations
- Trade bodies
- City academies
- Financial services (especially asset management companies)
- Media companies
- IT and software providers
- Architects' practices

A thoroughly experienced team

Buzzacott is distinguished by the strength of its team structure and particularly the experience and range of its Business Services Team, within which payroll sits alongside a number of outsourced accounting services.

All lead members of the team have at least 10 years outsourced payroll experience, much of it with "Big Four" firms.

In independent research and unsolicited letters, clients have praised the service. These examples are typical:

"The Buzzacott payroll service is extremely reliable in handling our routine payroll and all of our payroll-related returns. The team members are knowledgeable and helpful and also handle any HMRC inspections or other queries. Basically, like all good service providers, they are there to keep us out of trouble – a job they do well."

Jenny Fenton, Chief Operating Officer,
Altius Associates Limited

"At the FLA, like any other employer, we need to ensure that our staff are paid on the contractual date, accurately, and in accordance with current legislation. So we employed experts to ensure this happens. Experts who are available, easy to talk to, understand changing business needs and always seem to have the answer."

Janet Edwards, Head of Finance and Resources,
