*We would like to run as many in-person events as possible throughout 2021, providing they adhere to the latest government guidelines on COVID-19. We've planned for some events to be in person, but if closer to the time this is not possible, we'll endeavour to reschedule these events as webinars, so you'll still have access to the important information you need to know. As a result, please note that timings for 'in person' events are subject to change. Please keep an eye on your emails throughout the year for updates.
