Designed for finance directors and managers within academies, this event gives you the opportunity to ask your questions to our VAT and tax experts. Questions can be on any aspect of VAT and tax that you wish to seek further support or clarification on.	New for 2021, this event is specifically aimed at trustees and governors of educational institutions and will cover the key aspects of governance you need to be aware of to fulfill your role effectively.	Designed for key finance personnel, trustees and governors of schools, this event includes essential accounting, legal and employment updates as well as looking at governance challenges and how to address them.	Aimed at finance staff within academies who prepare the annual accounts, in this two-part event we share our bespoke academy year end accounts preparation workbook and highlight areas to look out for when preparing accounts.	

Throughout the year, we run additional events and training sessions for the wider charity sector which may also be of interest to you and all our events can be supplemented by bespoke sessions tailored specifically to your organisation's requirements and interests. To find out more about additional training support available, please [email enquiries@buzzacott.co.uk](mailto:enquiries@buzzacott.co.uk)

*We would like to run as many in-person events as possible throughout 2021, providing they adhere to the latest government guidelines on COVID-19. We've planned for some events to be in-person, but if closer to the time this is not possible, we'll endeavour to reschedule these events as webinars, so you'll still have access to the important information you need to know. Please keep an eye on your emails throughout the year for updates.
