Fundraising

Buzzacott is delighted to announce the successful fundraising of growth capital for The Clubhouse from Boost & Co.

The Clubhouse is an award winning leading business club based in Central London. The Clubhouse provides a high-end flexible meeting space and a smarter alternative to a central London office. Founded by Adam Blaskey in 2012, The Clubhouse opened its first test bed location on Grafton Street. Following the successful opening and affirmation of the market and product, The Clubhouse opened two further sites in Mayfair and St. James.

Through creating its own niche in the rapidly growing flexible office space market The Clubhouse was able to raise growth capital to continue its expansion. The growth capital raised will facilitate the opening of two further sites in The City. Adam said: "BOOST&Co's approach was very quick and streamlined but working with a corporate finance advisor really smoothed the process."

Partner Matthew Katz who leads Buzzacott's Corporate Finance team commented: "We were delighted to be engaged to support The Clubhouse with their fundraising. It demonstrates the skills and expertise that we have in advising on equity and debt fundraises. We wish The Clubhouse and Boost & Co. all the best for the future growth of the company."
