## Valuations

---

### Who it is for?

Businesses or intermediaries needing advice on the value of shares.

---

### How we can help

Valuation is an often needed service for businesses and shareholders considering transactions in shares. The need for valuation arises for multiple purposes, most commonly;

- Transactions – to enable shareholders to make decisions surrounding disposals, acquisitions, mergers and fund raising exercises.
- HMRC purposes – for EMI schemes, employee related securities, growth shares and other share schemes.

- Disputes – whether between shareholders or divorce. We are also able to provide support for mediations.
- Incorporation – valuing goodwill on incorporation of sole traders and partnerships.

Our service is also available for professionals and other accountants with clients who need valuations.

### What we do

- Production of comprehensive valuation reports
  - Assessment and appraisal of valuations prepared by third party valuers
  - Negotiations with HMRC on share valuation
